About **CLUMPIES**

Opened in 1999 by the son of a third-generation candy maker, you can find Clumpies iconic storefronts sprinkled across the city of Chattanooga. The ice cream we create is just as special as our hometown.

We believe the best ice cream starts with the best ingredients which is why we partner with top notch brands, both locally and internationally. We pasteurize in-house, resulting in a high butterfat ice cream with a luxurious taste and feel.

All the delicious chips and chunks are chopped and portioned by our hands every day. Our hope is that the attention to detail we give to this simple treat can help you create memories worth repeating time and time again and leaves your day just a bit sweeter!

We've been offering wholesale ice cream to local restaurants, hotels, and attractions since we've been open.

This service allows us to share our unforgettable experience with numerous guests outside of our scoop shops. We offer bulk tubs and novelty products, including pints, single serve cups, and ice cream sammies.

If you're interested in adding some sweetness to your dessert menu or providing a grab-and-go ice cream station for your guests, Clumpies is your one stop shop for wholesale ice cream!
